

ENGINEERING GRADUATE STUDENTS ASSOCIATION

Event: EGSA – Directed Forum – Semester 201501

Attendance: Open to all Engineering Graduate Students (MEng, MAsC, PhD)

Time: 2:30 PM, Friday, February06, 2015

Location: Research and Innovation Centre (RIC) 118

Agenda:

(1) Discussion of the recent survey results and gather input and ideas for the upcoming survey

- Common concerns/problems
- Establishing a Students' Network for those who use similar software programs
- Establishing a Students' Network for those who study similar research topics

(2) EGSA executive council terms and election dates

- Identify/retain students interested in joining the EGSA executive council
- Review the roles and responsibilities of the executive members
- Arrange a date for the 2016 EGSA executive council election
- Collect signatures for the 2016 EGSA club ratification process

(3) EGSA mandate/expectations

- Develop and review the EGSA mission statement
- Discuss the students' desires and expectations
- Establish a schedule for the regular meetings and annual events

(4) Establishing a permanent website for the EGSA

- Discuss the different advantages of having a permanent website
- Explore the available options
- Identify any potential volunteers and resources for developing and maintaining the website
- Seek the help of the faculty to assign a university-related domain

(5) Open discussion

- Discuss any other problems or concerns not addressed in the previous survey results
- Develop a plan of actions to deal with the raised concerns

(6) APEGS proposed seminar

- Discuss the arrangements for a seminar engaging a representative from APEGS (the Association of Professional Engineers & Geoscientists of Saskatchewan) in order to present the application process of graduate engineers and other related subjects.
